Happy Nephrology Healthcare Professionals Day Wednesday, Sept. 17, 2014

On Wednesday September 17, 2014 we will celebrate Nephrology Healthcare Professionals Day. On this day acknowledge the contributions of each team member, as caring for patients with Renal Disease is truly a collaborative effort. Every member is vital in providing quality patient care.

CANNT's mission is "to provide leadership and promote the best nephrology care through education, research and communication". The Canadian Nurses Association recognizes Nephrology as a specialized field of nursing. I believe that all team members working in Nephrology are specialized as we care for a patient population with very complex medical needs. Through research, education and the sharing of knowledge the goal is to always promote best practise and improve quality of life for our patients.

On behalf of the Board of Directors, I celebrate and thank you for your dedication to providing excellence in patient care. Share your celebrations with us by sending pictures or stories to the CANNT office at www.cannt.ca.

Sincerely,
Roberta Prettie RN CNeph(C)
CANNT President 2013-2014

CANNT Journal Editor

CANNT is seeking to appoint an **editor-in-chief**, **co-editors** or **editor(s)-in-training** for the CANNT Journal. As editor-in-training, mentorship would be provided by the current co-editors to support the training process over a period of one year.

These positions would be supported by an editorial board and Pappin Communications, the Journal's publisher.

This is a volunteer position, however an honorarium is provided annually.

The current co-editors will be on hand at CANNT 2014 to answer any questions and discuss this exciting opportunity with any interested individuals.

CANNT Manuscript Award

Submit a prepared manuscript based on your CANNT 2014 presentation to hreid@innovcc.ca and you could be awarded **\$500 cash!** Author(s) of the article, judged by the CANNT 2014 Program Committee to have made the most significant contribution to the field of nephrology healthcare, will receive this award. All articles submitted for this award will also be considered for publication in the CANNT Journal.
