## Tourism Tips for CANNT 2016

### **Banting House National Historic Site of Canada**

CANNT 2016 Tourism Tip: Birthplace of Insulin

Banting House is noted as the "birthplace of insulin". The house honours this medical discovery and the life and career of Sir Frederick Grant Banting (1891-1941), one of its co-discoverers.

### **Canadian Medical Hall of Fame**

CANNT 2016 Tourism Tip: Medical Strides

The Canadian Medical Hall of Fame is the only national organization dedicated to celebrating the accomplishments of Canadians who changed the face of medicine and health care in the world today. In 2003 it opened a new exhibit hall in downtown London and through educational programs it encourages youth to pursue careers in medicine and the health sciences.
