

September 2016

Celebrate Nephrology Healthcare Professionals Day!

Wednesday, September 21, 2016

On Wednesday September 21, 2016 we will celebrate Nephrology Healthcare Professionals Day. On this day acknowledge the contributions of each team member, as caring for patients with Renal Disease is truly a collaborative effort. Every member is vital in providing quality patient care.

CANNT's mission is "to provide leadership and promote the best nephrology care through education, research and communication". The Canadian Nurses Association recognizes Nephrology as a specialized field of nursing. I believe that all team members working in Nephrology are specialized as we care for a patient population with very complex medical needs. Sharing knowledge through research activities, ongoing education, and networking with our nephrology healthcare professionals and partners, our goal is to promote best practice so we can positively influence patients' quality of life.

On behalf of the Board of Directors, I celebrate and thank you for your dedication to providing excellence in patient
