

## November 2016

---

Dear CANNT Community,

I am delighted to join the Board of Directors for CANNT in a two year term as your Director of Communications. I am a Registered Nurse who has been serving the renal community as a nursing leader for the past ten years.

Recently, I have taken on a new challenge and a position as a senior clinical planner for a new hospital build in Vancouver. Part of my portfolio will be creating an inclusive and welcoming space for patients and staff working on renal health throughout the entire continuum. I am keen and eager to hear from you on any ideas you may have for spreading our

message about kidney care and the committed nursing and technological professionals who make this care possible! This year we are hoping to increase recruitment to CANNT and hope to enhance our communication tools to help make this happen. If you have ideas or innovations that you think CANNT members would like to hear about, please reach out to me at [cannt.directorcom@gmail.com](mailto:cannt.directorcom@gmail.com).

I look forward to hearing from you!

Best,  
Michele

This year's conference was a great success. Thanks to all who attended.

Delegate comments:

*In all honesty I found this conference was the best CANNT conference I have been to. Everything from the venue, hotel, food, speakers and wide range of topics exceeded my expectations. I have never had a bad experience at CANNT but this was the best.*

*Great venue, good food, liked the upbeat music and stretch excises. Excellent audio visual work. Really interesting plenary speakers. It is great to still be able to learn something new.*

*Great conference, wonderful learning opportunities for novice - advanced.*
