

## Poll 2 Results

How much endotoxin is too much?

The screenshot shows a Zoom Webinar interface. A poll window is open in the center, displaying the results for the question "1. How much endotoxin is too much?". The poll options and their respective percentages are:

Option	Percentage
1 ng	4%
5 EU	54%
µg doses	8%
500 EU	33%

The poll window also features a green header that says "Host is sharing poll results" and a "Close" button at the bottom. In the background, the webinar content is partially visible, showing the question "How much endotoxin is too much?" and the same four options. The Zoom interface includes a top bar with "Zoom Webinar", "Recording", and "You are viewing CANNT Office's screen". The bottom bar contains "Audio Settings", "Chat", "Raise Hand", "Polls", and a "Leave" button. On the right side, there are two video thumbnails for "LIVING WELL WITH KIDNEY DISEASE" featuring Alan Hoffmeister and George Kourouniotes. The Charles River logo is visible in the bottom right corner of the webinar content area.
